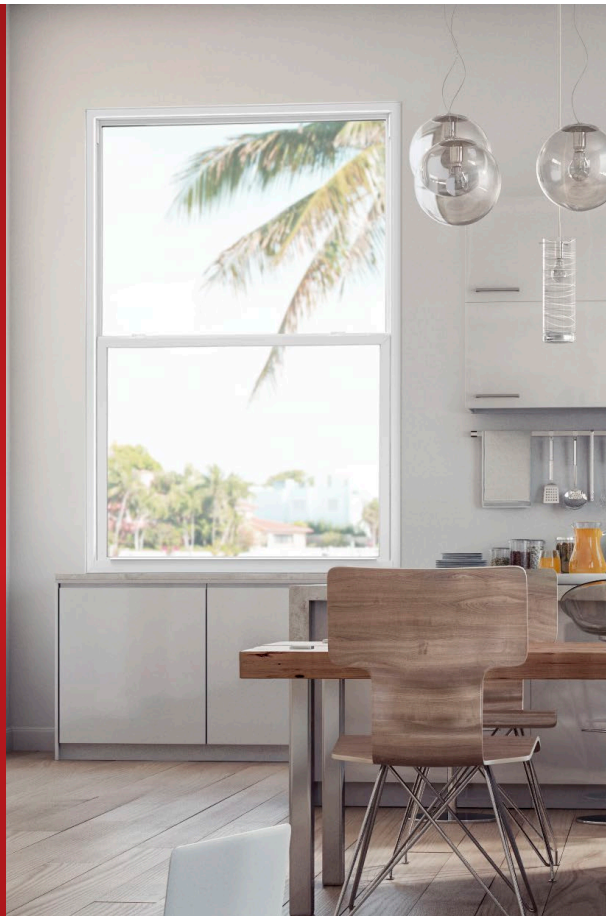
SUNRISE® SERIES
Single-Hung

Featuring style, durability, energy efficiency, and so much more, our Sunrise® Series vinyl single-hung window is an outstanding choice for your next home-renovation project. Its color and grid options can complement any interior design or architectural style, and its superior energy performance can help you save on your energy bills. Combine all that with a window that's exceedingly easy to operate, and you can see why the single-hung is a window for the 21st century.



What you can expect

MAXIMUM VIEWS

Due to the window's narrow profiles, the single-hung provides greater viewing space on the glass without sacrificing performance.

- Whether your home looks out onto an amazing natural landscape or a beautiful downtown scene, this greater glass space delivers tremendous views to the outside
- The window's added glass space ushers more natural light into your home's interior

CONVENIENCE AND STYLE

- Several windows and sliding glass doors from the series complement the single-hung
- A variety of color options make it simple to find your style
- The bottom sash tilts in for easy cleaning and maintenance
- Dual pulley block-and-tackle balance system makes operation simple
- Architectural finish options enhance your home's curb appeal
- Multiple energy-efficient options enhance window's thermal rating

Engineered to perform

- Welded, multi-chamber frame and sash
- Available frame styles: nail fin, finless
- Optional OptiView™ Clarity mesh screen allows fresh air in while providing particle protection
- Product has passed rigorous testing for water penetration, air leakage, structural integrity, and forced entry
